

# See if your dentist is in our network – or find a new one

You can locate a dentist through **our provider search tool**, which is updated six days a week. Please keep in mind that the availability of any particular dentist cannot be guaranteed.

## Steps to locating a doctor

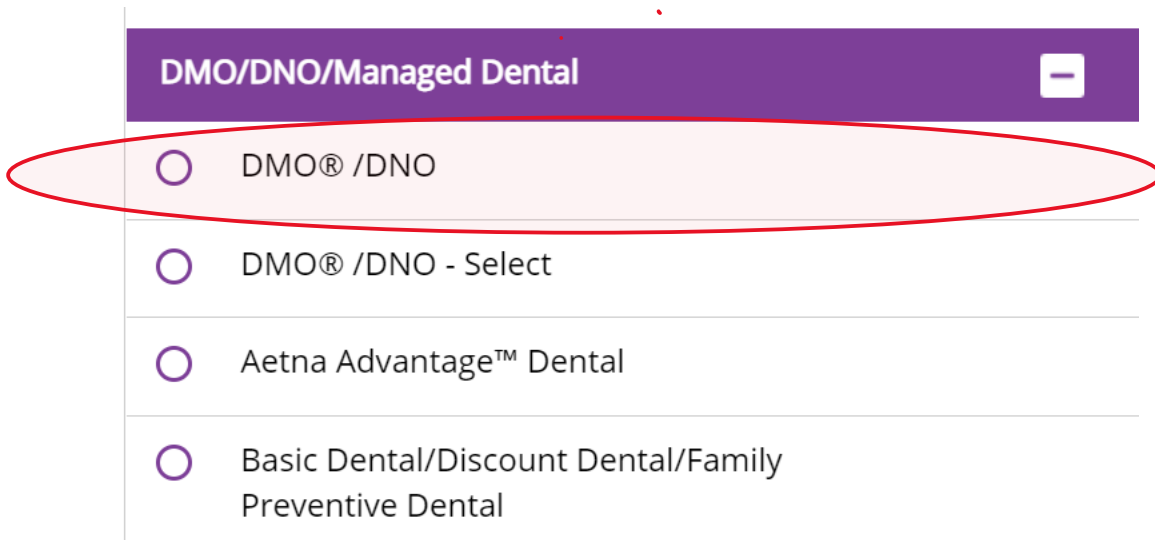

1. Log on to [aetna.com/dsepublic](https://aetna.com/dsepublic)
2. Go to “Continue as a guest” and Enter your ZIP code or city/state and click search. This will allow you to search the entire directory or search for a specific dentist.

The screenshot shows the Aetna provider search tool interface. It is divided into two main sections: 'Already a member?' and 'Continue as a guest'. The 'Continue as a guest' section is the focus, featuring a text input field for location, a 'Search' button, and a 'Look within' slider set to 25 miles. Below the slider, there are three checked options: 'Get results for your plan', 'View cost estimates', and 'Select a primary care doctor'.

3. Within the call out box scroll all the way to the bottom For **PPO** Select plan choice — “ex. Dental PPO/PDN with PPOII and Extend network” and click continue to search for dentist

The screenshot shows a dropdown menu with several plan options. The first option, 'Dental PPO/PDN with PPO II and Extend Network', is highlighted with a red oval. Below it is 'Dental PPO/PDN with PPO II and Extend<sup>SM</sup>'. Other options include 'Aetna Dental Access', 'Aetna® Vital Savings', 'Aetna Pediatric Dental Plan', and 'Aetna Pediatric Dental Plan'. Each option has a radio button and a minus sign icon.

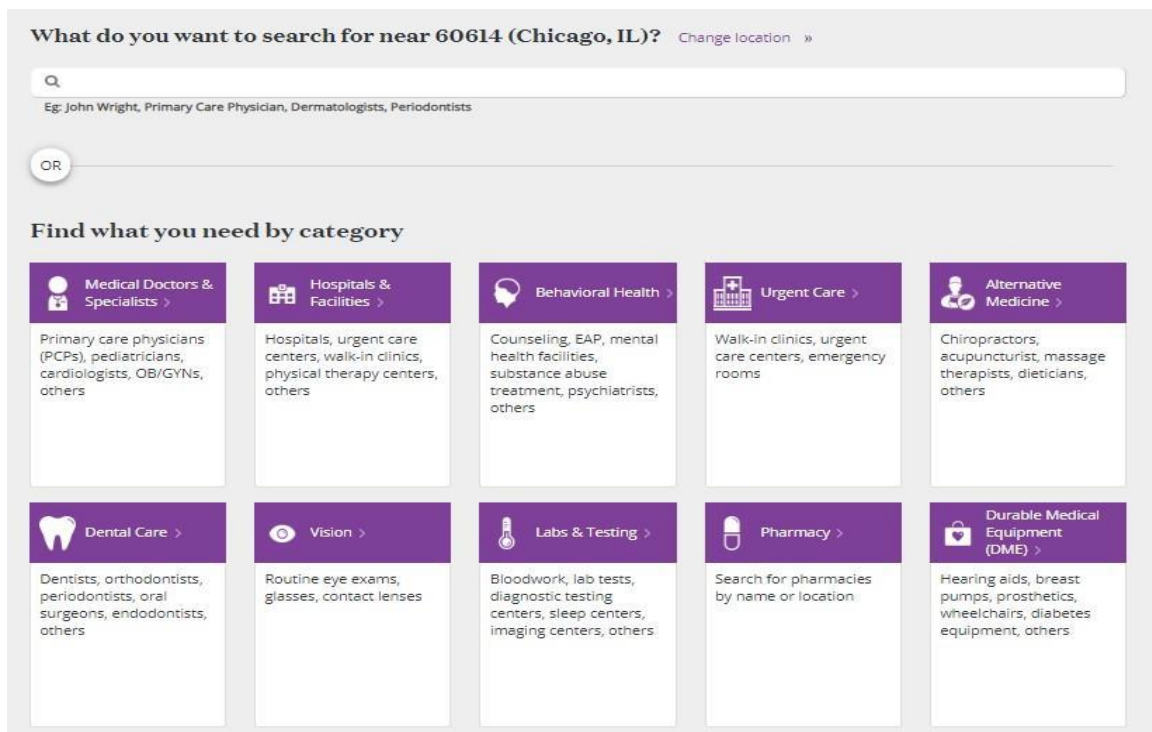

3A. For **DMO** Select plan choice – “ex. Under DMO/DNO/Managed Dental category select DMO/DNO” and click continue to search for dentist.

The screenshot shows a purple header bar with the text "DMO/DNO/Managed Dental" and a close icon. Below the header is a list of four radio button options. The first option, "DMO® /DNO", is highlighted with a red oval. The other options are "DMO® /DNO - Select", "Aetna Advantage™ Dental", and "Basic Dental/Discount Dental/Family Preventive Dental".
