

Save your clients from expensive *semaglutide* (Ozempic®) costs with Beyond Med

Weight Loss that works

Semaglutide is a cutting-edge GLP-1 prescription, found in medication like Ozempic® and Wegovy®. It's a powerful tool in the fight against diabetes and obesity, helping people manage their weight and blood sugar levels more effectively.

Health plans that offer *semaglutides* are paying on average \$1,000+/month per weight loss Rx patient, leading to increased premiums and claim cost. Let the Beyond Med platform save 65-80% on the cost of these medications, while still allowing employees to retain their benefits.

TO ENROLL USE CODE: KURZ2024

Member options include:

Consultation

Schedule an appointment with a participating provider and have your consultation at a Beyond Med network location or via telemedicine.

Telehealth

Utilize one of Beyond Med's affiliate telehealth platforms to engage in remote consultations and Rx delivery.

Lab Test

If you are eligible for the treatment, your healthcare provider may request a metabolic lab test.

Prescription

Your provider will determine the appropriate medication treatment. Our in-network providers can also help you manage your weight loss journey with nutrition and exercise, along with the medication.
